# FINAL NOTE.

The accompanying papers relate to the question of the appointment of a Resident Medical Officer for the Minto Ophthalmic Hospital.

The necessity for such an appointment was forcibly brought to notice in the case of the recent fatal accidents in the Hospital and has also been urged by the Superintendent.

Mr. B.G. Srinivasacharya, the Assistant Surgeon attached to the Hospital has also submitted a representation that the work he is doing is practically that of a Resident Medical Officer as he has taken up a house close to the Hospital and he claims a local allowance as in the case of the Resident Medical Officer, Victoria Hospital, and also a house rent.

The appointment is necessary and a local allowance has to be sanctioned. As regards quarters, one of the buildings in the Victoria Hospital may be made available for the Resident Medical Officer of the Minto Hospital as the Medical Officer of the Victoria Hospital is not entitled to free quarters

The question was considered in Council and it was resolved that Mr. Srinivasacharya might be appointed Resident Medical Officer of the Minto Ophthalmic Hospital with a local allowance of Rs.50/ per mensem in lieu of private practice and that he might be given quarters in the Victoria Hospital Compound.

The Financial Secretary is of opinion that

it is enough if the Resident Medical Officer of the Minto Hospital is given a house to live in and it is not necessary to give him a local allowance or debar him from private practice.

It is, however, necessary that the services of the Resident Medical Officer should always be at the disposal of the Hospital and not interfered with by private practice.

The Council Resolution may be approved.

Sir,

I have the honor to forward herewith for the orders of Government, copy of a representation made by the Assistant Surgeon attached to the Minto Ophthalmic Hospital praying for the grant of a house rent in lieu of free quarters and of a local allowance like Resident Medical Officers of other medical institutions. The Superintendent of the Minto Ophthalmic Hospital in his covering letter forwarding the representation, recommends a house rent of Rs 30/- and a local allowance of Rs 100/- per mensem to the Assistant Surgeon.

2. Reference is, in this connection, invited to para 2 of Government Order No. 1986-7 Med.26[illegible]-1[illegible]-8 dated 31st August 1912 and to the statement appended thereto, in which the term "Resident Medical Officer" appears to have been advisedly avoided for want of quarters in the premises.

3. The necessity for the appointment of a Resident Medical Officer with quarters in the premises, has been explained by the Superintendent in para 15 of his letter No.655 dated 17-4-1915, which formed an enclosure to this office letter No.C.460 dated 28-4-1915.

In forwarding the enclosed application of Mr. B.G. Srinivasacharya, Assistant Surgeon, 2nd grade, for your kind approval and recommendation to Government, I have the honor to state that in my letter No. 74 dated the 8th May 1911, with its enclosure proposition statement, I had proposed an allowance of Rs 100 per mensem to the Resident Medical Officer of this institution. It is at my request that he gave up his house at Malleswaram and came here and took up a house to live near the hospital immediately after it was opened on 31st January 1913. Since then he has been doing the duties of a Resident Medical Officer without allowances of any kind.

I therefor recommend an allowance of R 30 per mensem for house rent and Rs 100 as allowance for doing the duties of a Resident Medical Officer.

Letter dated 21st December 1915 from Assistant Surgeon Mr. B.C.Srinivasacharya, Minto Ophthalmic Hospital, Bangalore, to the Senior Surgeon, Mysore Govt.,

---

It is nearly three years since I was appointed as the Assistant Surgeon 2nd grade and posted to this hospital and ever since the hospital was opened I have been doing the duties of a Resident Medical Officer without actually being resident on the spot.

Though I have got a house in Malleswaram, under the directions of the Superintendent, Minto Ophthalmic Hospital and for the good of the institution, I am living in the same road as the hospital, only a few minutes walk from it. To the 12th of this month, it will be 2 years and 10 months. I have been paying a house rent at Rs 27/- per mensem and electric light and other charges at Rs 5/- making up a total of Rs 1088 for the whole period and this I have paid out of my monthly salary. My living near the hospital is for the sole purpose of being available at all times of day and night. For such duties at other hospitals, the Resident Medical Officer is provided with free quarters and a consideration, both of these have been denied me, though my work does not differ in any way from the work of other Resident Medical Officers.

I request the Senior Surgeon with the Government of H.H.The Maharaja of Mysore, to kindly recommend my case to the Government to grant a house rent till quarters are provided and to show such consideration as has been shown to other medical officers.
